Accommodation Management

You would like to offer the opportunity to easily book rooms during your event? We will do an hotel evaluation according to your requirements and will then purchase room blocks at the hotels of your choice which then can be provided to your participants online. Our customized software as well as our professional team can guarantee a perfect service.

A - Z accommodation management
We will evaluate and purchase adequate hotel rooms at the conference location which will then be offered to your individual participants and groups for booking online. All communication with participants and hotels before, during and after the event will be done by our team.
